SUMMARY

s.1 *The Dhāraṇī of Tārā* is a short dhāraṇī that invokes the goddess Tārā, seeking her intervention in the face of obstacles and negative forces.

s.

ACKNOWLEDGEMENTS

ac.1 Translated by Samye Translations under the guidance of Phakchok Rinpoche. The translation and introduction were produced by Stefan Mang and reviewed and edited by Ryan Conlon.

ac.

The translation was completed under the patronage and supervision of 84000: Translating the Words of the Buddha.

INTRODUCTION

i.1 The Dhāmṇī of Tāmā is a short recitation formula that invokes the deity Tāmā for the purpose of dispelling obstacles and pacifying negative forces. As suggested by her name, which can be translated as "Savior," Tāmā is revered as a deity who quickly responds in the face of worldly and spiritual dangers, and she is commonly invoked for this purpose by diverse communities of Buddhists.

i.

i.3

i.4

The worship of Tārā in India can be traced back to at least the sixth century, and since that time the goddess has gained increasingly important status in the Buddhist pantheon. Tibetan histories recount that the worship and practice of Tārā was introduced to Tibet as early as the seventh century via a sandalwood statue brought by the Nepalese princess Bhṛkutī as dowry for her marriage to the Tibetan king Songtsen Gampo. While a few texts dedicated to Tārā were translated in the following centuries, ti is believed that the worship of Tārā did not take firm root in Tibet until the eleventh century, when it was actively promoted by Atiśa.

The Dhāraṇī of Tārā begins with an homage to the Three Jewels and Avalokiteśvara. This is followed by the main dhāraṇī, which was not translated into Tibetan but preserved in transliterated Sanskrit. The Tibetan text lacks a colophon, so the Tibetan translators and editors of the dhāraṇī remain unidentified.

As cataloged in the Degé Kangyur,⁶ this dhāraṇī is part of a cycle of eight Kriyātantra (*bya rgyud*) texts (Toh 724–731) dedicated to Tārā. The same formula recorded in *The Dhāraṇī of Tārā* is also included in *Tārā Who Protects from the Eight Dangers*,⁷ a number of Tengyur texts dedicated to Tārā,⁸ and Butön Rinchen Drup's (*bu ston rin chen grub*, 1290–1364) *Dhāraṇī Collection* (*gzungs bsdus*) from his *Collected Works* (*gsung 'bum*).⁹ The dhāraṇī appears to be the main dhāraṇī of the form of Tārā known as Vajratārā, as confirmed by its use in sādhanas dedicated to Vajratārā preserved in the Tengyur¹⁰ and the *Sādhanamālā*.¹¹ It is not known if the dhāraṇī circulated independently, or

if it was extracted and preserved separately as *The Dhāraṇī of Tārā* because of its prestige and widespread incorporation into other texts and practice manuals.

i.5 The transcription and translation of the dhāraṇī below takes the Degé Kangyur as the primary witness, which was compared with versions recorded in other Kangyur collections, as well as the above-mentioned Tibetan and Sanskrit sources.

The Noble

Dhāraṇī of Tārā

The Translation

[F.222.a]

1.

- 1.1 Homage to the Three Jewels!
- 1.2 namo ratnatrayāya \mid nama āryāvalokiteśvarāya bodhisattvāya mahāsattvāya mahā-kāruṇikāya \mid $\frac{12}{}$
- 1.3 tad yathā | om tāre tuttāre¹³ ture sarvaduṣṭapraduṣṭān mama kṛte jambhaya stambhaya mohaya bandhaya hūm hūm hūm phaṭ phaṭ sarvaduṣṭastambhani tāre svāhā | ¹⁴
- 1.4 This concludes "The Noble Dhāraṇī of Tārā."

n. NOTES

- n.1 Tārā's name is a causative derivation from the Sanskrit root $\sqrt{t\bar{r}}$ ("to cross"), meaning "to cause to cross," i.e., "to rescue."
- n.2 In her PhD dissertation, Rachael Stevens (2010) provides a comprehensive introduction to the goddess Tārā via a literary review (pp. 11–21) and an exploration of the history of Tārā worship (pp. 20–45), the Tārā pantheon (pp. 46–56) and key Buddhist texts relating to Tārā (pp. 57–62).
- n.3 Beyer 1978, pp. 5–6. We find this episode in Butön Rinchen Drup's *History of Buddhism* (Obermiller 1932, vol. 2, p. 184) and dramatized in Sonam Gyaltsen's *The Clear Mirror* (Sonam Gyaltsen 1996, pp. 124–27).
- n.4 The Denkarma (*Idan dkar ma*) catalog of early translations, for example, lists only two works dedicated to Tārā that were translated during this time. Following Herrmann-Pfandt's edition (2008), these are no. 439: 'phags pa lha mo sgrol ma'i mtshan brgya rtsa brgyad pa (<u>Tāradevīnāmāṣṭaśataka</u> (https://read.84000.co/translation/toh728.html), Toh 728) and no. 454: 'phags pa lha mo sgrol ma 'jigs pa thams cad las sgrol bar bstod pa (according to Herrmann-Pfandt, the identification of this title remains uncertain). One could further include no. 388: 'phags pa spyan ras gzigs kyi yum (Avalokiteśvaramātādhāraṇī, <u>The Dhāraṇī "The Mother of Avalokiteśvara"</u> (https://read.84000.co/translation/toh725.html)), which does not mention the goddess Tārā but was nevertheless included within the Degé Kangyur
- n.5 Beyer 1978, pp. 5–13; Landesman 2008, p. 59; Stevens 2010, pp. 36–37.

section of Tārā-related scriptures (Toh 724–731) as Toh 725.

n.6 Note that there is a discrepancy among various databases for cataloging the Toh 1001 version of this text within vol. 101 or 102 of the Degé Kangyur. See Toh 1001, note 6 (https://read.84000.co/translation/toh1001.html#end-note-UT22084-094-006-12), for details.

- n.7 Toh 731, 'phags ma sgrol ma 'jigs pa brgyad las skyob pa'i mdo. See translation in Samye Translations, <u>Tārā Who Protects from the Eight Dangers</u>
 (https://read.84000.co/translation/toh731.html), 2020.
- n.8 E.g., Toh 1686, 1688, 1697, and 1705.
- n.9 Butön Rinchen Drup, gsung 'bum, folio 218.b.6–7; Beyer 1978, pp. 280–81.
- n.10 E.g., Toh 1324, 1325, 1326, 1327, etc.
- n.11 No. 93, Bhattacharyya 1925, pp. 178–83.
- n.12 This can be translated as "Homage to the Three Jewels! Homage to Noble Avalokiteśvara, the bodhisattva mahāsattva, the great compassionate one!"
- n.13 As noted above, $t\bar{a}r\bar{a}$ is a causative derivation from the Skt. root $\sqrt{t\bar{r}}$, "to cross," thus meaning "to cause to cross," that is, "to deliver" or "rescue." It can be argued that the term $tutt\bar{a}re$ consists of $t\bar{a}r\bar{a}$ prefixed with ud ($ud + \sqrt{t\bar{r}} = utt\bar{a}r\bar{a}$), which is then further prefixed with the consonant t- to avoid a morphological fusion of final vowel of $t\bar{a}re$ and the initial vowel in $utt\bar{a}r\bar{a}$. The addition of the prefix ud conveys a sense of "pulling up," and thus "saving." In the translation below, the vocative forms $t\bar{a}re$ and $tutt\bar{a}re$ are respectively translated as "deliverer" and "savior."
- n.14 This can be tentatively translated as "Om! Deliverer! Savior! Swift One! Crush, paralyze, confound, restrain all wicked and evil beings for me! hūm hūm hūm phaṭ phaṭ! Homage to Tārā, the suppressor of all evil beings!"

· Types of attestation for Sanskrit names and terms ·

AS Attested in source text

This term is attested in the Sanskrit manuscript used as a source for this translation.

AO Attested in other text

This term is attested in other Sanskrit manuscripts of the Kangyur or Tengyur.

AD Attested in dictionary

This term is attested in Tibetan-Sanskrit dictionaries.

AA Approximate attestation

The attestation of this name is approximate. It is based on other names where Tibetan-Sanskrit relationship is attested in dictionaries or other manuscripts.

RP Reconstruction from Tibetan phonetic rendering

This term is a reconstruction based on the Tibetan phonetic rendering of the

term

RS Reconstruction from Tibetan semantic rendering

This term is a reconstruction based on the semantics of the Tibetan

translation.

SU Source Unspecified

This term has been supplied from an unspecified source, which most often is a widely trusted dictionary.

g.1 Atiśa

a ti sha

ष्यः हैः ना

atiśa

The Indian master Atiśa Dīpańkaraśrījñāna (982–1054) is renowned in the history of Tibetan Buddhism for coming to Tibet and revitalizing Buddhism there during the early eleventh century.

g.2 Avalokiteśvara

spyan ras gzigs

avalokiteśvara

Bodhisattva of compassion. One of the eight main bodhisattvas, the heart sons of the Buddha.

g.3 Bhṛkutī

khro gnyer can

bhṛkutī

According to Tibetan historical sources, the Nepalese princess who married the Tibetan king Songtsen Gampo. She is believed to have arrived in Tibet in either 632 or 634.

g.4 dhāraṇī

gzungs

বার্থ্যা

dhāranī

The term <code>dhāraṇī</code> has the sense of something that "holds" or "retains," and as such can refer to the special capacity of practitioners to memorize and recall detailed teachings. It can also refer to a verbal expression of the teachings—an incantation, spell, or mnemonic formula that distills and "holds" essential points of the Dharma and is used by practitioners to attain mundane and supramundane goals. The same term is also used to denote texts that contain such formulae.

g.5 Songtsen Gampo

srong btsan sgam po

617–650; a famous king from Tibet's Imperial Period.

g.6 Tārā

sgrol ma

tārā

A goddess whose name can be translated as "Savior." She is known for giving protection and is variously presented in Buddhist literature as a great bodhisattva or a fully awakened buddha.

g.7 Vajratārā

rdo rje sgrol ma

vajratārā

A form of Tārā, the Buddhist goddess of compassion, commonly depicted as golden yellow in color, with four faces and eight arms.
